

## 68—510 Removal and installation of ornamental rod on edge of front or rear door

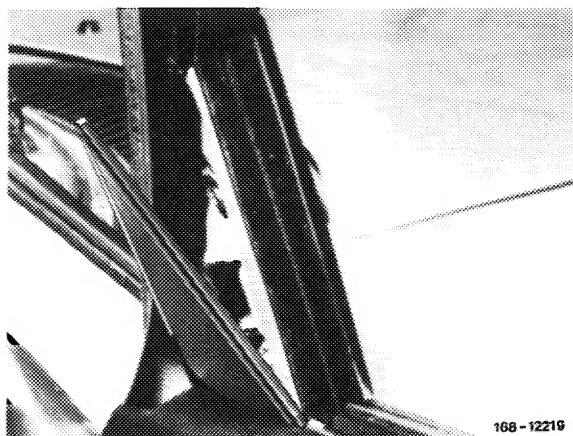

---

### Removal

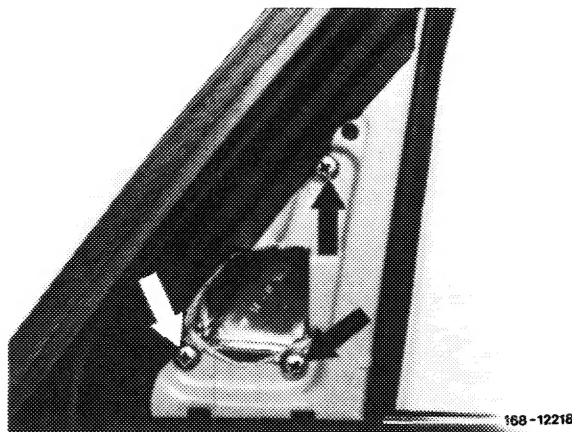

---

1 Remove exterior rear view mirror from left front door (72—270).

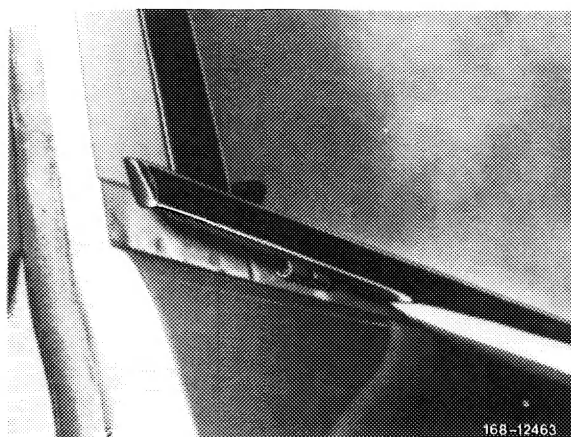

2 Press off inner plate from right front door.

3 Remove screws and take off outer plate.

4 Lift ornamental rod with a plastic wedge starting at one side and pull it out of clips.

### Installation

---

5 Install in reverse sequence.
